and as approved by the Attorney General, Case #9062, in the letter dated September 14, 2018;

the abovementioned hereby attached.

I hereby certify that notification is posted in five suitable places in the Town of Peru on this 27<sup>th</sup> day of September 2018.

This is the 1<sup>st</sup> page of what I post. Next I attach the approval letter from the AG and attested copies of the bylaws that were approved. I opt for the **posting** in 5 places, 1 in each of my precincts! It is way too expensive to put in the paper nowadays!! I deliver and post them myself as it does not require a constable to do it. And no you do not have to notify the AG after **posting**. Once the **posting** period is over, I notify the TA, and anyone else that the by laws affect, ie, zoning building inspector, Planning Board, Selectman...etc. I also certify that the **posting** took place and include that in my permanent records of the Town (also attached).

Hope this helps!
